FACILITIES SUBCOMMITTEE MEETING

Gilroy Unified School District – Via Webex teleconference

Friday, Aug.7, 2020

PRESENT

BC Doyle

Debbie Flores

Mark Good

Dan McAuliffe

Alvaro Meza

Paul Nadeau

Anna O'Connor

Linda Piceno

Kimberly Smith

MEETING CALLED TO ORDER: 10:05 a.m.

APPROVAL OF MINUTES FROM JULY 10, 2020

- BC made the motion to approve the minutes. Dr. Flores seconded.
- All in favor.

TIME CERTAIN

AL ERKEL FROM GUSD LEGAL TEAM: SCHEIDER (ON-BILL FINANCING) AGREEMENT

- Overview of proposal with on-bill financing agreement with Schneider Electric. Proposed \$1M in retrofits. It'll be offset with financing repayment from PG&E.
- Two main issues with proposal:
 - Schneider wants 20 percent of costs upfront with progress payments. Al has communicated this is not possible.
 - The provision that Schneider makes no performance guarantees. The proposed guarantee that Al received raised questions. Those questions remain unresolved.
- District should decide if they want to consider whether to move forward to with this project or not. If the district moves forward with the proposal, what are the terms?
- Alvaro recommends that district doesn't need to continue with this because of the savings has already incurred during the shutdown. From a practical perspective, the district is saving more just with the closure.
- Next steps: The committee agrees to not continue with this agreement.

FACILITIES & NEW CONSTRUCTION (PAUL NADEAU)

FORMER ANTONIO DEL BUONO ES: SOUTH COUNTY ANNEX MODIFICATIONS

- SCCOE requests some changes to facilities at former ADB site:
 - Install an awning over the entrance to the student store;
 - Slurry (add a new top coat) and restripe the parking lot;
 - Paint the fence gate black to match the rest of the fence;

- In future, they're considering removing casework in library.
- This sets the precedent of how we treat rented facilities and similar proposed site modifications from now on.
- Paul wants to document what physical changes are made to the site so it's easier to track. The contract says SCCOE has to return the site back in the condition in which it was received.
- SCCOE will give us copies of their process and projects, as required by public agencies like ours.
- Next steps: The committee agrees that this is the process that will be moving forward. Dan or Paul will bring items as they come up in the future.

BROWNELL MS: GYM MODERNIZATION

- Estimated costs: \$959K for all items on project list.
- Measure E funds
- Vendor: Aedis Architects and Flint Construction.
- After last FSC meeting, Paul worked with Aedis for a proposal for changes that can be made to the gym.
- Items 1-3 are things that could be prioritized and would take advantage of the project crews that are already there. The other items on the could be done at another time.
- Project budget: \$2M in reserves as of now. We may have additional money in credits that will come back after project is complete.
- The expected costs for these changes include costs associated with abatement for potential asbestos work.
- The removal of the old water boiler above the P.E. office is already planned as part of the overall campus modernization project. It's not part of this smaller project list.
- If approved, the work would be able to start as soon as they get out of DSA. They would be done by December. Some of the classroom spaces in the gym would be closed off during DSA but most of the other spaces (such as the choir room) would remain useable.
- Next steps: The committee agrees move forward with all items proposed to this building for the modernization.

BROWNELL MS: FURNITURE CHANGES AND INSTALLATION

- Principal Laboranti has requested changes to peninsulas in some office desks and a larger table in the admin conference table.
- Frosted/one-way glass on the health office. Paul will check if this allowed and to see what other alternatives would be available.
- Next steps: The principal's desktop can be modified to his request. The others are subjected to ADA regulations, etc., and can't be changed. The approval to purchase of furniture for library and sixth-grade wing will be presented at next board meeting.

SOUTH VALLEY MS: MODERNIZATION "QUALITY OVER QUANTITY"

- Information only.
- Paul's recommends that messaging to South Valley MS should be quality over quantity as the theme of the project. Size of rooms, etc., will be downsized from a former high school campus to a middle school. The new facility sizes will be what's standard and appropriate to modern classrooms.

GILROY HS: POOL PROJECT FINANCIALS AND PROJECT STATUS

- Information only.
- The project is nearly done. The contractors have some equipment to move, etc.
- Swim and water polo coach is ready to see how equipment fits. Students may not be able to get in the pool yet, though. Dr. Flores has asked county public health for rules for athletic conditioning.
- Paul will email a report of the project financials. It wasn't ready in time for the publishing on the agenda.

FACILITIES: PLOTTER SERVICE

- \$250 a month lease from bond funds.
- Vendor: E-Arc.
- This is a proposal for a large-scale, black-and-white printer and full-color scanner device for Facilities.
- \$1.90/square foot at print shop vs. 12 cents/square foot if it was done in-house. Also, the department spent an average \$5,000 in printing and scanning services in last few years.
- After we are done with scanning our archives and aren't needing to print as often, we can end the lease and return the device.
- Next steps: The committee approves this purchase.

CHRISTOPHER HS: CTEIG PROPOSALS FOR BLACKBOX UPGRADES

- Greg CamachoLight has provided these quotes for hardware and lighting for the Blackbox Theater at Christopher HS. He discussed these at the last FSC meeting.
- These costs come out of CTEIG funds and still need cabinet approval.
- Paul points out that a catwalk that does need additional safety measures. As per Dr. Flores' request, Paul will check for need of safety railings of a similar theater catwalk at Gilroy HS.
- Next steps: The committee approves these improvements.

MULTIPLE SITES: SPEC PLAYGROUND BUDGETS

- Information only.
- These inclusive playgrounds are ADA-compliance and funded by grant money from Santa Clara County. \$400K-plus per site, including installation.
- They have pour-in-place ground surface, instead of tan bark, for better access for wheelchairs, walkers, etc.
- The committee agrees sites will choose design colors and other design details.

MAINTENANCE (DAN MCAULIFFE)**LUIGI ES: TRAFFIC IMPROVEMENTS**

- About \$5,000 from RRM
- Developed with City of Gilroy.
- City will be responsible for painting and signage on city streets. District is responsible to work on the property.
- Work also includes delineators and removal of 3-foot fence in bus turnaround.
- Next steps: Work will be done in August.

RUCKER ES: MURAL REQUEST

- Rucker ES Parent Club
- This is an additional mural by same artist who worked on campus before.
- This will go on back of campus on portable No. 20.
- Next steps: Committee approves.

ALVARO MEZA'S ITEMS**UPDATE ON LUIGI ES VANDAL WATCH**

- Tenant is not living there. She is still moving her items out. Proposal is to give her until August to finish up.

HIGH SPEED RAIL UPDATE

- Alvaro and Principal Ramos have been vocal to the HSR authority about the impact of the rail on South Valley MS modernization plans.
- No funding is available for this segment of HSR but this the district's window to voice concerns.
- Alvaro's aim is to give the agency feedback that communicates the community benefit and impact of South Valley MS. This would help push up the priority of what would be needed from the agency if it ever gets funding for this segment of the HSR.

MEETING ADJOURNED: 11:40 a.m.

RE: Brownell 4' Perimeter Fence Quantities

We are pleased to submit our quotation to furnish and install the following:

- Furnish and Install 1077' of 4' high 2" mesh Black Coated Chain Link Fence @ North Perimeter \$65,505.02
(Upgrade Fence Fabric to 1" mesh add \$5,447.00)
- Furnish and Install 1ea 4' high, 22' opening Fire Access Chain Link Roll Gate to Match New Fence \$ 4,036.63
- Furnish and Install 2ea 22'7" opening Galvanized A-Frame Pipe Gates \$13,627.96

Total for the above:\$ 83,169.61

Acknowledgements:

Please see following sheets for labor and material breakdown.

Qualifications:

- This bid document and all of its terms and conditions shall be incorporated into any contract or subcontract between Subcontractor and G.C. or Owner in relation to the project on which this bid or proposal is issued. The terms of this bid document shall control and take precedence over any terms in any other writing, contract or subcontract entered between Crusader Fence Co. and G.C. and/or Owner for this project which conflict with or are different than the terms herein. This is a material term and acceptance of this Bid or Proposal expressly includes acceptance of this term.
- Proposal is based on two move-ins, addition move-ins shall be charged at \$2,300 each.
- Site shall include unencumbered access to fence lines for an all-season truck and installation equipment (i.e. Bobcat) for material delivery and work performance. If hand-digging is required as a result of poor access, Crusader Fence requires a F.C.O. by G.C. or Owner and will result in additional cost.
- Crusader Fence is not responsible for damage to landscape or objects within 6' of fence line.
- Staking of fence line shall be laid out by G.C. or Owner prior to Crusader Fence mobilization. Staking shall include all end, corner, and gate locations complete with finished grade elevations. Clearing, grading, grubbing or staking of the fence line is not included in this proposal.
- Locating of non-USA member utilities is not included in bid. Private sub-surface locating services can be added with additional cost. The G.C., Owner, and their representatives shall indemnify and hold Crusader Fence harmless from any and all liabilities resulting from damaged above or underground unmarked objects. If underground objects conflict with fence footings, hand-digging and/or hydro-vac and/or any other means to safely avoid conflict may result and Crusader Fence requires a F.C.O. by G.C. or Owner and will result in additional cost.
- Non-drillable post holes will require a signed F.C.O. by G.C. or Owner and will result in additional costs. All post holes will be drilled with a 9,000 lbs (max. size) drilling machine using a 20 min. drill time (max. time) upon refusal to determine if holes are non-drillable independent of soils report.
- Crusader Fence is not responsible for any disturbance of existing environmental contaminants.
- All posts set in concrete slabs, walls, bridge decks, etc. are to be set prior to setting concrete; or they must be blocked out or sleeved by G.C. or Owner.
- Any construction schedule shall be made in consultation with Crusader Fence and shall provide adequate time to perform all work during normal working hours based on an eight-hour day. Crusader Fence Co. is not responsible for liquidated damages if insufficient time has been allocated by G.C. or Owner.
- This bid proposal factors in a discounted cost which allows for a maximum of a 5% retention. This retention is due and payable 60 days after acceptance of Crusader Fence completed work.
- Bond rate - .65% on first \$500K, .52% next \$2M, .45% next \$2.5M (No bond expense included in bid) Insurance - \$2M G/L, \$1M Worker's Compensation.
- Core drilling, saw cutting, concrete/asphalt patching, and spoils haul off are not included in this proposal.
- Crusader Fence Co. requires a letter of intent within 14 days to honor bid submission.

Thank you for the opportunity to quote this project.

Very respectfully,

P.J. Kennedy
Industrial Estimator

Product SubTotal: \$39,451.26
Estimated Sales Tax 9.0000%: \$3,550.61
Quote Total: \$43,001.87

NOTES:**2d**

- Images shown above are intended for approximate visual reference only and may not represent the exact models, numbers, descriptions or options selected. Refer to the model number/description/options shown for full product specifications.
- Sales Tax (For Shipment within the United States Only): Estimated sales/use tax will be calculated when order is entered. It is the customer's responsibility to pay any applicable sales/use tax due upon invoicing. A customer will not be charged sales tax if (1) a Resale Certificate, (2) an Exempt Organization Certificate, or (3) a Direct Pay permit is on file with KI's Finance Department. If no certificate is on file, the appropriate sales/use tax rate in effect at shipment will be applied and tax will be added to the customer's invoice.
- This project contains non-standard items which are not returnable and not cancelable. The warranty on non-standard product that alters function is 1 year. The warranty on non-standard product that does not alter function, but only finish (i.e., paint or plastic color, laminate, grommet removal) matches that of the standard product. Modification to U.L. Listed products eliminates the listing. Product will not have U.L. Listing labels unless specifically spelled out on this quote.

Customer represents that the product information contained within this quote is complete and accurate. Changes to quantities and/or options/finishes will affect this quote. If applicable, other charges such as freight, tax, installation and/or delivery fees may be added at time of order.

Sales resulting from purchase orders issued by the customer to KI (Whether related to this quotation or otherwise) are governed and controlled by the Terms and Conditions found at www.KI.com/terms

Final Considerations:

To ensure your Purchase Order (PO) is processed quickly and efficiently, please adhere to the following requirements:

1. All purchase orders must be issued to KI or KI c/o the dealer with this address:
KI
1330 Bellevue Street
Green Bay, WI 54302
2. The following items must be included on all purchase orders:
 - Sold To/Bill To Information: complete legal name, address, telephone number and fax number
 - Ship To Information: complete legal name, address, contact name, contact phone number
 - Purchase Order Number: a customer-specific identifier, typically a sequential purchase order number or requisition number
 - Issue Date: date the purchase order was issued
 - Sales Tax: applicable sales tax will be added upon KI invoicing. If tax exempt, customer must provide or have the tax exempt certificate on file at KI
 - Purchase Order Total: total of all items and services included on the purchase order
 - Authorization: signature of authorized purchasing agent or buying entity
 - Order Details: reference a fully optioned KI quote (ex: 11KGH-85432) or include all the information listed below
 - Quantity of each item
 - Complete model number, including all finish and option information (by line item)
 - Net purchase price (by line item)
 - Extended net purchase price (all line items)
 - Any additional applicable charges (ex: installation and/or delivery charges)
 - Contract name and/or number if pricing is based on a contract reference
3. Signatures on a quote or a worksheet cannot be accepted as a purchase order.
4. In the event that you do not have a formal Purchase Order process, please contact your KI Sales Representative or call 1-800-424-2432, and we will assist you with creating a PO.

We appreciate your cooperation in providing us with all the required information listed above on your Purchase Order. Complete information helps us serve you better. Thank you for your order.

Purchase Orders that do not meet these requirements will be placed on hold until complete information is received by KI. Purchase orders on hold are not released to manufacturing or assigned a delivery date. KI order lead times begin once the order is released to manufacturing.

Tag 1: MAKERS SPACE								WorkGroup Product Subtotal	\$31,924.64

Quote Summary

Product SubTotal: \$261,210.32

NOTES:

- Images shown above are intended for approximate visual reference only and may not represent the exact models, numbers, descriptions or options selected. Refer to the model number/description/options shown for full product specifications.
- Sales Tax (For Shipment within the United States Only): Estimated sales/use tax will be calculated when order is entered. It is the customer's responsibility to pay any applicable sales/use tax due upon invoicing. A customer will not be charged sales tax if (1) a Resale Certificate, (2) an Exempt Organization Certificate, or (3) a Direct Pay permit is on file with KI's Finance Department. If no certificate is on file, the appropriate sales/use tax rate in effect at shipment will be applied and tax will be added to the customer's invoice.
- This project contains non-standard items which are not returnable and not cancelable. The warranty on non-standard product that alters function is 1 year. The warranty on non-standard product that does not alter function, but only finish (i.e., paint or plastic color, laminate, grommet removal) matches that of the standard product. Modification to U.L. Listed products eliminates the listing. Product will not have U.L. Listing labels unless specifically spelled out on this quote.

PROJECT LEAD TIME SUMMARY:

- Manufacturing lead time begins once the order is complete and acknowledged. Delivery dates are determined per order based on the longest lead time per shipping location and are confirmed on the order acknowledgement.

<u>Shipping Location</u>	<u>MFG Lead Time Range</u>
GREEN BAY, WI	5 - 7 Weeks
PEMBROKE, ONT	5 - 7 Weeks
TUPELO, MS	5 - 7 Weeks
BONDUEL, WI	6 - 8 Weeks

- Lead times are subject to change based on quantities, manufacturing capacity and surface material selections. Laminate and/or fabrics outside the standard KI in-grade program may have extended lead time.
- For more information or questions regarding delivery consolidation, contact KI Customer Service.

Customer represents that the product information contained within this quote is complete and accurate. Changes to quantities and/or options/finishes will affect this quote. If applicable, other charges such as freight, tax, installation and/or delivery fees may be added at time of order.

Sales resulting from purchase orders issued by the customer to KI (Whether related to this quotation or otherwise) are governed and controlled by the Terms and Conditions found at www.KI.com/terms

Prepared by Taylor Schmidt

Final Considerations:

To ensure your Purchase Order (PO) is processed quickly and efficiently, please adhere to the following requirements:

1. All purchase orders must be issued to KI or KI c/o the dealer with this address:
KI
1330 Bellevue Street
Green Bay, WI 54302
2. The following items must be included on all purchase orders:
 - Sold To/Bill To Information: complete legal name, address, telephone number and fax number
 - Ship To Information: complete legal name, address, contact name, contact phone number
 - Purchase Order Number: a customer-specific identifier, typically a sequential purchase order number or requisition number
 - Issue Date: date the purchase order was issued
 - Sales Tax: applicable sales tax will be added upon KI invoicing. If tax exempt, customer must provide or have the tax exempt certificate on file at KI
 - Purchase Order Total: total of all items and services included on the purchase order
 - Authorization: signature of authorized purchasing agent or buying entity
 - Order Details: reference a fully optioned KI quote (ex: 11KGH-85432) or include all the information listed below
 - Quantity of each item
 - Complete model number, including all finish and option information (by line item)
 - Net purchase price (by line item)
 - Extended net purchase price (all line items)
 - Any additional applicable charges (ex: installation and/or delivery charges)
 - Contract name and/or number if pricing is based on a contract reference
3. Signatures on a quote or a worksheet cannot be accepted as a purchase order.
4. In the event that you do not have a formal Purchase Order process, please contact your KI Sales Representative or call 1-800-424-2432, and we will assist you with creating a PO.

We appreciate your cooperation in providing us with all the required information listed above on your Purchase Order. Complete information helps us serve you better. Thank you for your order.

Purchase Orders that do not meet these requirements will be placed on hold until complete information is received by KI. Purchase orders on hold are not released to manufacturing or assigned a delivery date. KI order lead times begin once the order is released to manufacturing.

Re: Antonio Del Buono Metal Roofing

Dear Mr. McAuliffe,

An inspection of the metal roofing at the former Antonio Del Buono site was conducted per your request. The inspection was focused on the portions of the metal roofing that were reported by the current Tenant as being damaged. The following is a summary of my findings.

Overview:

The roofing at this campus is original to the building. The standing seam metal panels (SSM) are 24 ga, standing seam with a 1.75" high snap-lock profile. The panels are secured to the deck with fixed clips and screws at intervals designed to resist wind uplift pressures.

Condition Summary:

There are several sections of panels that have become dislodged with several panels having moved in excess of 8". The underlayment in these areas is exposed and the panel movement has caused damage to portions of the metal roofing system such as zee closures and ridge caps. The movement of the panels is uncommon and suggest that the system was either not designed to meet wind up lift pressures or not installed according to design or industry standards. The lack of a joggle cleat along the eave suggests the latter, however without removal of the panels and ridge cap, it is not feasible to determine fastener/clip spacing of the system and other installation or design issues. Currently, it appears that only the south facing elevations are damaged / displaced.

Photos:

1. The metal panels have become dislodged and are being pushed up slope from prevailing winds from the south. As they are now "open" at the low eave, they are susceptible to further wind damage.

2. In some areas, the panels have migrated 8+” leaving the underlayment exposed.

3. The panels are buckling at the ridge resulting in damage to the zee closure and ridge cap.

4. The gaps have become very large along the ridge, allowing for wind driven rain to infiltrate under the metal panels. Also noted was the ridge cap was not riveted to the zee closures (improper installation).

*Recommendations:*

Currently it appears only sections of panels along the south facing sides of the campus have become affected. However, given what has been discovered to date, the overall construction of the metal roof system is suspect. Repairs are recommended to reset the displaced panels and secure the remaining panels along the south facing elevation. This will ensure the system is watertight going into the winter and should prevent the panels from becoming displaced again. The work would consist of:

- Removal and subsequent replacement of approx. 300' of ridge cap.
- Replacement of zee closures as needed.
- Resetting of the panels back to their original position.
- Adding additional fasteners as needed to ensure a minimum of 4 fasteners per panel along the south elevation of both classroom wings.

Budget: \$34,000 - \$38,000 (based on prevailing wage rates).

Should you want to move forward with having the work completed, I will solicit a proposal with a trusted and qualified local contractor on your behalf and monitor the work done as part of the project.

As always, do not hesitate to contact me if you have any questions or need additional information or assistance.

Sincerely,

Dan Lajeunesse
Sr. Field Advisor

Bosco

PAINTING, CONSTRUCTION AND FACILITY MAINTENANCE

ATTENTION: DAN McAULIFFE
